

Village Kids Childcare Centre - Napier

Our Philosophy

Centre

We believe that each child is unique and will learn best when teachers and the environment affirm and support each child holistically. Our programme follows the strands and principles of Te Whāriki, where each child's learning is extended, shared and celebrated.

We recognise and share our unique New Zealand dual culture and heritage and we value our joint partnership with parents, whanau and the wider community.

Paua

We believe it's all about Pā tamariki - It takes a village to raise a child. We work in an atmosphere of nurturing, fun and creative learning.

Gecko Room - We believe young children grow and develop best in a caring environment where they feel safe, secure and their learning is nurtured.

Kiwi Room - We believe that toddlers learn in a nurturing environment where positive relationships are developed and active exploration is promoted. We engage in reciprocal communication with parent/whanau and teachers to provide optimal learning opportunities for each individual child.

Kea Room - We believe that our children grow and develop at their own pace with the support of their families and teachers in a safe, secure learning environment.

Tuatara Room - We believe a social environment encourages positive group interactions where children can become confident, capable learners.
